

Is your facility prepared to accommodate a sudden surge in patients?

Do you have enough space to keep everyone comfortable and minimize exposure?

Let us be your partner in

COVID-19 / CORONAVIRUS

# preparedness

ELEMENT is available to immediately assist in establishing facilities for your emergency triage, temporary ICU and examination/testing.

ELEMENT is the leading tent and event equipment rental company in Louisiana. After both Katrina and the BP Oil Spill, we mobilized instantly across the Gulf South to establish base camps, dining halls, and cooling stations, complete with temporary power, HVAC, furniture, flooring, cooking equipment and restrooms as well as cleaning and hand washing stations. We can create temporary structures of all sizes, from 6' wide walkway tents up to 80' wide, hurricane force wind rated builds. All of our equipment is stored locally, and installed by our experienced, local, full time staff. We are here to assist with your temporary needs during this COVID-19 pandemic, even outside of normal business hours. Call now and let us know how we can support your mission.

ELEMENT

- temporary seating
- short or long term temporary tents
- handwash or sanitizing stations
- restrooms

### LOUISIANA BASED

Our equipment and full-time installation and delivery crews are local.

### EXPERIENCE MATTERS 03

We were among the first to mobilize in the immediate aftermath of Katrina and the BP Oil Spill in the Gulf
